

# Lovett Hall

Henry Ford built this glorious ballroom to house the dances he and his wife, Clara hosted. They lavished attention on the facility, and it shows; Burmese teak floor, crystal chandeliers and enormous paired fireplaces. Lovett Hall is arguably the most gracious and most elegant ballroom in the Midwest.

With a Lovett Hall event, the only limitation is your imagination. Even the terrazzo lobby is magnificent, with its adjoining library, garden and courtyard. It is, unquestionably, *the* setting for, a sparkling awards gala or anniversary setting. Lovett Hall will lend your next signature event the grace, stylishness and grandeur a great event deserves.
